DESCRIPTION ON NOMINATION.

(See instructions below.)

To be completed by Medical Officer.

Apparent age* 14	years.	Chest measurement	Minimum inches.
Height 5 feet 3 inches.			27
Weight 96 lbs.		Eye sight.	Maximum inches. } 28

I do not consider him fit for admission to the School and likely to become fit for enlistment in the Indian Army on completion of the normal school course.

Identification marks or cause of unfitness. } A small mark on the middle finger of the right hand on its palmar aspect. } A small mark on the mid line of the chest at the level of the nipples.

Date 8th August 64.

Place Bangalore.

Special Recruiting Medical Officer.

* For the guidance of the nominating authority the Medical Officer will record the apparent age. The "official age" will finally be decided by the Advisory Committee, *vide* paragraph 21 (a).

† The measuring tape should be applied evenly but not tightly, its upper edge touching the lower border of the shoulder blades, and its lower edge passing just over the nipples, the arms hanging by the sides. The minimum measurement will be taken after the breath has been expelled from the chest and the maximum, when the chest is fully expanded. There should be a difference of at least two inches between the minimum and maximum measurements.

MEDICAL EXAMINATION.

(i) The examining officer will satisfy himself on the following points. If a disqualifying defect is noticed the boy will be rejected without further examination :—

- (a) that the vision is up to the prescribed standard (I. A. F. M-1219) ;
- (b) that the chest measurement is up to standard for his age ;
- (c) that he satisfies the undermentioned minimum height and weight standards.

	Minimum height.	Minimum weight.
Sikhs	4' 7½"	73 lbs.
Dogras and Punjabi Hindus	4' 6½"	68 lbs.
Garhwalis and Kumaonis	4' 5½"	66 lbs.
Gurkhas	4' 4½"	66 lbs.
Pathans, Punjabi Mussulmans, Hazarawals, Brahmuis Mussulmans of Eastern Punjab U. P. and Rajputana (including Meos), Madras Mohammadans and other Madras Classes (Christians), Adidravidas and Buddhists, Dekkani Mohammadans.	4' 7"	70 lbs.
Rajputs, Jats, other Hindu Classes, U. P. and Eastern Punjab	4' 7"	70 lbs.
Madras Hindus and Mahrattas	4' 5"	59 lbs.

The above height and weight standards are quite separate and bear no correlation to each other, so long as the Medical Officer is satisfied that boys should attain the minimum standards laid down in Recruiting Regulations, Part I (Peace), at the time of enrolment.

- (d) that neither speech nor hearing is defective ;
- (e) that the boy appears healthy, strong and active ;
- (f) that he is sufficiently intelligent ;
- (g) that there is no malformation, deficiency or defect of any essential part ;
- (h) that there is perfect motion in every joint and good physical development and power ;
- (i) that the boy is free from disease of the nervous, circulatory, respiratory, digestive, cutaneous, lymphatic, generative or excretory system. Special care should be given to tracing the presence of contagious or infectious disorders, rupture, stricture, dysentery, hepatic or severe malarial disease ;
- (j) that there is no evidence of fits, old injuries to the head or of a personal or family medical history which would be likely to render him unfit.

(ii) The Medical Officer will reject a boy for any disease or defect which would be likely to render him unfit for the training at the school and subsequent enlistment in the Indian Army.

(The boy must strip for examination, due regard being paid to privacy and decency. A loin covering may be permitted except when the examination is being completed. Every part of the body must be examined, and if a recruit will not submit to this after persuasion by caste, friends, if possible, he must be rejected.)
